## Here are a few Circle Game Examples:

### 1 Animal Alphabet:

The leader starts with the name of an animal that starts with the letter "A." From there, go around the circle and have each person say the name of animal each beginning with the next letter in the alphabet.

We attempt to get to the end of the alphabet and then see how many times we can complete the alphabet as a team.

### 2 Chicken Picks:

Players sit in a circle and one player goes into the middle.

A topic is chosen and the rubber chicken starts at one person and is passed around the circle. The person in the middle must list as many things as they can from the topic, but they only have however long that the chicken makes it around the circle once. When the chicken gets back to the starting point, the person must stop talking.

A designated counter should be in the group to count how many objects they are able to list. The person that is able to list the most objects is the winner. Topic example: Chocolate Bars (i.e.) hershey, crispy crunch, aero etc. etc. etc.

### 3 Cobbler, Cobbler

Players sit in a circle and begin to sing this song:

“Cobbler, Cobbler where's my shoe  
Have it ready by half past two  
If by half past two it can't be done  
Have it ready by half past one.”

The teacher takes one of their own shoes (or something else) and passes it behind their back to the person next to them. This continues around the circle.

One player is sitting in the middle of the circle with their eyes closed. When the song is sung through once, the shoe stops in the circle and every has their hands behind their backs. The player in the middle tries to guess where the shoe has stopped. They get three guesses, then you choose someone else to go in the middle.

#### 4 Dead Horse

Somebody lays down and closes their eyes, while everyone else gathers around them. The one lying down must keep their eyes closed while the others try to make them laugh without touching them. When the person laughs, they loose and it's another persons turn to lie down and be the dead horse.

#### 5 Ducks and Cows

This is a great way to divide a large group into two smaller groups.

Players close their eyes while one person goes around tapping them on the shoulders designating them either a duck or a cow.

On a given signal, players keep their eyes closed and must find other members of their duck or cow team by "mooing" or "quacking."
